Hasbara Fellowships, a program spearheaded by Aish International, educates and trains university students to be effective pro-Israel activists on their campuses.

Hasbara Fellowships, started in 2001 in conjunction with Israel's Ministry of Foreign Affairs, brings hundreds of students to Israel every summer and winter, giving them the information and tools to return to their campuses as leaders in the fight for Israel's image.

So far, Hasbara Fellowships has trained over 1400 students on over 200 campuses. Upon returning from the program, the Hasbara Fellows receive support from our staff, which offers various campaigns, programs, speakers and other materials and tools.

The organization focuses on college campuses, but the information and tools offered are applicable to other arenas as well.
